

English

We will be reading '*Wombat goes walkabout*' by Michael Morpurgo.

- We will engage in shared reading sessions to develop reading strategies, fluency, expression, intonation and to build our vocabulary.
- We will identify word meanings and rhyming words. We will describe settings and characters, exploring those characters' feelings.
- Finally, we will write a fictional story using adjectives, conjunctions and adverbs of time (E.g., first, next, after that, finally).

RE

Who is Jewish? What do they believe and how do they live?

- We will learn about how Jewish artefacts are used and their meanings (mezuzah, menorah, challah bread, the Star of David, prayer books, kippah, wine goblet).
- We will talk about how Shabbat is a special day of the week for Jewish people and how Jewish people celebrate Shabbat.

Science

Changing Seasons 2 (Winter and Spring)

The children will be taught to observe changes across the four seasons (this term, focusing on winter and spring). They will also observe and describe weather associated with the seasons and how day length increases as winter turns to spring.

Music

Music taught by Mrs Creswell

Year 1 – Spring 1 2025

We are painters

PSHE

Keeping safe

- Super sleep
- Who can help

Art

Sculpture and 3d: Paper play

Maths

Number: Place Value (within 20)

- Counting to 20
- Tens and ones
- One more One less
- Use a number line to 20 and estimate numbers on the number line
- Compare objects within 20

Number: Addition and subtraction within 20

- Add by counting on
- Add ones using number bonds
- Find and make number bonds to 20
- Doubles and near doubles
- Subtraction – not crossing 10

Number: Place Value (within 50)

- Counting to 50
- Count by making groups of 10
- Groups of and partitioning Tens and ones
- One more One less
- Use a number line to 50 and estimate numbers on the number line

Geography

How does the weather affect our lives?

- children will identify and describe the basic atmospheric elements of the weather.
- They will observe, measure and record the elements of daily weather by using a variety of simple instruments and devices.
